INSTALLATION AND MAINTENANCE

GUIDE SPECIFICATION

CORRIM (corrosion-immune) is an established manufacturer of fiberglass reinforced polymer (FRP) doors, frames, fixed windows, fixed wall louvers and door accessories. With over 30 years expertise, the CORRIM Company specializes in the fabrication of both fully-customized door systems and a complete range of door panels. More importantly, we never lose sight of the fact that attention is given to ensure the final product is of sound design and engineering and of the highest quality.

- CORRIM FRP Doors and Frames carry a lifetime warranty against corrosion.
...the choice is yours
- CORRIM FRP Doors can be ordered with polyurethane (R-12), end grain balsa (impact), phenolic honeycomb (economy) or mineral (fire) cores.
...the choice is yours
- CORRIM FRP Doors can be ordered with smooth, pebble or wood grain face sheets.
...the choice is yours
- CORRIM FRP Doors and Frames can be ordered in any color.
...the choice is yours
- CORRIM FRP Doors and Frames can be ordered with a matte gelcoat or semi-gloss polyurethane finish.
...the choice is yours
- CORRIM FRP Doors and Frames can be manufactured in 1/16" increments.
...the choice is yours
- CORRIM only builds doors to extra heavy duty standards.
...your only choice

Choose Quality...Choose CORRIM

Your inquiries are invited and encouraged.

We welcome the single door order and we appreciate the multiple door order.
